# INTRODUCTION

## SCP AND NAKSHATRA SYSTEM (PROFESSION AND MISFORTUNES)

By the grace of God I had launched my first book named Sudarshan Chakra Padhati and Role of Separative Planets for Married Life. SCP and Nakshatra system are not new concepts of Astrology. Both of these systems are followed by astrologers since a long time. Both of these systems are very accurate systems of predictions in vedic astrology. I have dealt with both of these systems in my present book.

### PART-1

#### SUDARSHAN CHAKRA PADHATI AND MISFORTUNES

This is very old system of prediction, in this system a chart is studied not from one lagna only but from lagna, moon lagna and sun lagna also. And predictions are given on the basis of position of planets also from form lagna, moon lagna and sun lagna. in this system the combustion, detrimental, degrees, exaltation and debilitation of planets on the basis of placement of planets are also considered for accurate predictions not only from one lagna but all the three lagnas are considered. With this the navmasa chart is also studied just like the lagna chart and that is also divided in three lagnas, considered as navmasa lagna chart, moon navmasa lagna and sun navmasa lagna chart. In this book by using this concept the examples of common misfortunes of day to day life and severe misfortunes like deaths, accidents and diseases are studied and discussed.

In this book all the calculations of charts are done by using the software of ASTRO-KUNDLI developed by Mr. Rajiv C Karekar, Mumbai.

## LAGNA CHART

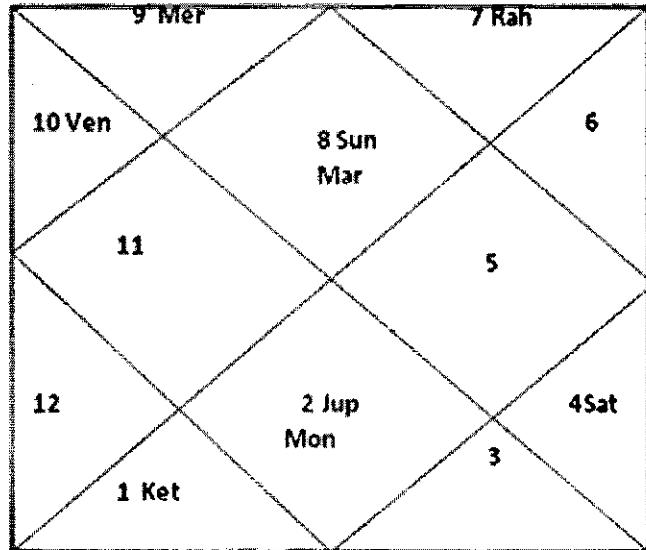

## FROM LAGNA

In fourth house ketu is placed, placement of ketu is the purpose of life, 4<sup>th</sup> house is the house of property, thus the native should be very particular about the property in his life due to the ketu's placement as placed in the house of property. More than half of his life is passed due to the litigation he is facing due to the shop he has encroached from its owner. He has not given the possession of the shop to its owner back which he had taken on rent basis from its owner. Due to which the native is facing 17 court cases in the mahadasha of the Jupiter who is the lord of 12<sup>th</sup> house in his chart. 4<sup>th</sup> house is the house of his property that is afflicted due to the sat+ketu and rahu due to the 10<sup>th</sup> aspect of saturn upon ketu. Rahu is placed in the rashi of venus, which is giving property to the native due to the illegal possession, which he is not returning back to its real owner. This is very interesting chart because of rahu and ketu due to their connection to 12<sup>th</sup> house. Rahu is connected to the lord of 6<sup>th</sup> house that is mercury due to the 9<sup>th</sup> aspect of ketu upon it in the 12<sup>th</sup> house, mercury is placed in the 12<sup>th</sup> house. 6<sup>th</sup> house is the house of litigations.

## **NAKSHATRA SYSTEM AND MISFORTUNES**

# **PART 2**

## **NAKSHATRA OR STELLAR SYSTEM BY SH. M.K WISHAWANATH JI**

Nakshatra system is followed much by the south Indian astrologers in india and very popular in south india. In this system the planets are studied not only by houses and the placement of planets, but also on the basis of lagna, houses and their lords. Also in nakshatra system the lords of nakshatra are also considered of all the nine planets including rahu and ketu as planets. On the basis of planets as per their lords of houses and houses of placement and same for nakshatra lords, the significators are calculated and planets are studied as per the vimshottari dasha system. On the basis of following simple calculations.

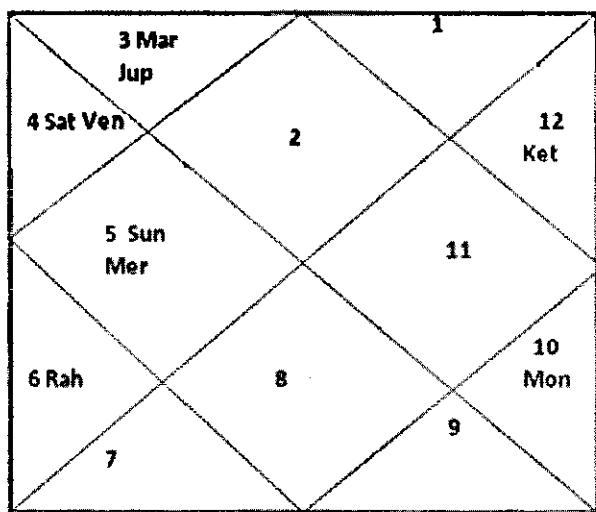

1. Planets are studied on the basis of their placement and their lordship of houses on the basis of lagna kundli i. e if sun is the lord of 1<sup>st</sup> house in simha lagna and that is placed in 9<sup>th</sup> house, this, on the basis of nakshatra system signifies 1 and 9<sup>th</sup> houses.
2. For same as above If sun is in the nakshatra of saturn and that is placed in 2<sup>nd</sup> house in simha lagna, in this case the saturn is the lord of 6<sup>th</sup> and 7<sup>th</sup> house and placed in 2<sup>nd</sup> house.

In above example the sun is the joint significator of 1,2,6,7 and 9<sup>th</sup> houses. In the maha dasha, antar dasha and pratyantara dasha the sun will give the result of these houses jointly because as per the significations of the sun(1,9) and as per the significations of saturn(2,6 and 7<sup>th</sup> house.)

3. For studying the chart as per this system in this book the vimshottari dasha is used and planets and their significators are to be studied on the basis of this dasha only.
4. Planets connected due to conjunction or aspect with the planets of vimshottari dasha and planets of their nakshatra lords becomes indirect significator of the planets of dasha lords.
5. Rahu and ketu becomes the significators of their lords of rashi in which they are placed, planets who aspects them(nodes) and planets aspected by them(nodes). Also planets conjoined with Rahu and Ketu becomes the significators.
6. In case of nakshatra system, only birth chart or lagna chart is considered for studying all about the native.

In nakshatra system the signifiers are calculated on the basis of following method:-

In this book only mishaps and misfortunes are considered as per nakshatra system.

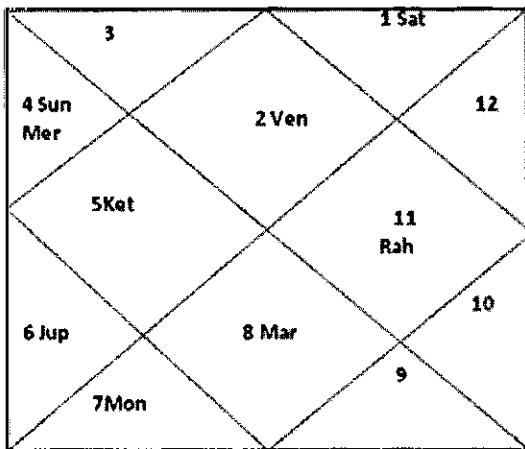

The Star Lords or nakshatra lords are calculated on the basis of following method as defined by the sages in almost in all the texts. In various books of vedic astrology four parts of Nakshtras are mentioned

or these are called as charnaas. In this book we are not concerned about the charnaas of the Nakshatras but we are only concerned about the Nakshatra, in whom the planet is lying at the time of birth, in other words in whose Nakshatra is occupied at the time of the birth. Nakshatra system is different from the K.P system because of the Sub Lord. In K.P system the sub lord is taken to reach the ultimate result, but in nakshatra system the lord of the house is considered only. And also the Bhava Chalit Chart is not considered in this system. In this nakshatra system the following nakshatras are considered for calculation of significators, although the planet is placed in any charnaa of Nakshatra out of the four charnaas.

NAKSHATRA	NAKSHATRA	NAKSHATRA	STAR/NAK. LORD
ASHWINI	MAGHA	MULA	KETU
BHARANI	PURVAPHALGUNI	PURVASHADHA	VENUS
KRITIKA	UTTRAPHALGUNI	UTTRASHADHA	SUN
ROHINI	HASTA	SHARVANA	MOON
MRIGHSHIRA	CHITRA	DHANISHTHA	MARS
ARDRA	SWATI	SHATBHISHA	RAHU
PUNARVASU	VISHAKHA	PURVABHADRAPADA	JUPITER
PUSHYA	ANURADHA	UTTRABHADRAPADA	SATURN

In this chart of lady almost all the planets are signifying 1,6 and 10<sup>th</sup> houses, these are not good for easy married life. Due to this this lady got separated from her husband very soon after her marriage and she had also faced litigation due to the death of relatives of her husband. Finally she decided to re-unite with her husband and in laws but her husband is not interested for re-union. Moon is the lord of 7<sup>th</sup> house for lagna of his husband, lord of 2<sup>nd</sup> house represents family of her husband and that is sun, sun signifies 8/3/6/9 and 4<sup>th</sup> house, the houses 2/7 and 11 are not signified by the sun, due to this he has not interest in her family and he is not ready for re-union. Also saturn is lord of 7<sup>th</sup> house of her husband and lagna of this lady native, saturn signifies 1/2/10/12 and 3<sup>rd</sup> houses. And the lord of 5<sup>th</sup> house is the wish of her husband that is the 11<sup>th</sup> house for his husband, the lord of that house is venus that signifies 5/10/2/12/ and 3<sup>rd</sup> house. Only for three houses only 2<sup>nd</sup> house is repeated but 7<sup>th</sup> and 11<sup>th</sup> houses are not present for lagna, 2<sup>nd</sup> house and 11<sup>th</sup> house for her husband. And in these houses 6, 1<sup>st</sup> and 10<sup>th</sup> houses are prominent, this is the major reason for which his husband is not interested for re-union with her. he want to take divorce, and their litigation is at last stage and final judgement is pending. She is having venus mahadasha running and antardahsa is of mercury, both of these are connected to 5/10 and 12<sup>th</sup> house, these are not favourable in case of winning in litigations, due to this she will have to face the punishment from the court for death of relative of her husband and due to the involvement of 6,10 and 1<sup>st</sup> house she will be separated soon from her husband. This is the chart of a native who has mis used the money of his friend and spent and invested that money in wrong way due to which he has been sued by his friend because this person has not returned his money. This is the case of litigation. In this chart except mars almost all the houses are signifying 12<sup>th</sup> house, and 2<sup>nd</sup> house. 2<sup>nd</sup> house is the house of wealth or bank balance and 12<sup>th</sup> house is the house of expenditure. This is not good combination because of over expenditure this shows by the native. The situation became tense in the mahadasha of saturn, because saturn is the lord of 3<sup>rd</sup> and 4<sup>th</sup> house and placed in the 12<sup>th</sup> house. Saturn is also aspecting the second house where sun and ketu are already placed there, also venus as lord of 12<sup>th</sup> house is placed in 2<sup>nd</sup> house. This is very bad combination regarding the mis use of funds, that is related to the public and friends as it is also shown by the saturn. This is shown by the 3<sup>rd</sup> house of friends and 4<sup>th</sup> house of public, because saturn signifies 3/4/ and 12<sup>th</sup> houses. Actually native has taken money for investment from his friends and did not return back even a single penny to them. This is all due to the disturbed 2<sup>nd</sup> house at a great extent. Second house is having impact of almost all the planets due to the Kendra effect, direct aspect, lord ship and due to the placement. This is not a good combination and shows that how this native has misused the funds of public and this is all due to the role of separative planets and venus as most malefic planet placed in second house.

From lagna:- the lord of 2<sup>nd</sup> house from lagna is Jupiter and that signifies combination of 2, 3, 4 and 12<sup>th</sup> houses, due to which this native has misused the funds of his friends and public.

From moon lagna:- the lord of second house from moon is moon itself and moon signifies the combination of loss of wealth of public by the sun and venus due to the significations of 2,3,4 and 12<sup>th</sup> houses for misusing the funds of public because of investment in wrong direction.

From sun lagna:- from sun lagna the lord of second house is saturn who signifies also the combination of 2,3,4 and 12<sup>th</sup> house makes this native responsible for mis-using the funds of people in the name of investment.
